

Quest 2018-19 Annual Fund

There is much work to do - and we are excited to kick off another year. We rely on donations to assist with the improvements and enhancements of our space and the construction of the barn, and the clearing of the adjacent land, has made our to-do list bigger – and more exciting - than ever. Often it is nice to be able to contribute toward something specific and to see direct results. With that in mind, here are just some of the projects and affiliated costs that we know we will be tackling this year.

- Securing a movable stage or risers and installing noise reduction panels for the Barn: *estimated cost of \$5-10k.*
- Improvements and additions to the Primary outdoor classroom area and playground: *estimated cost of \$5-7k.*
- Construction of raised garden beds and planting materials for each classroom: *estimated cost of \$2,500/ea.*
- Plumbing and electricity supply to the greenhouse: *estimated cost of \$11k.*
- Purchase and installation of greenhouse grow lights, tables, sinks, irrigation and planting supplies: *estimated cost of \$15-20k.*

If you are interested in contributing toward any of these specific initiatives, or perhaps have one of your own, please contact Kathy or Susannah.

Thank you for your consideration, and for your love for Quest!
