

Project Idea
Do birds have a preferred time of day to eat?
Can blindfolded people tell the difference between bottled water and tap water?
Which can support the most weight; paper, plastic, grocery bags?
How do different liquids (alkaline or acidic) affect fruit rotting?
What type of liquid grows crystals?
How fast do different fabrics burn?
Which kind of gum keeps the flavor longer: sugar free or regular?
What type of materials are better for bridge construction - LEGOs, K-nex or popsicle sticks?
What is the most powerful fruit to power a lightbulb?
What are the effects of text color on memory?
How does the type of liquid affect how much a penny corrodes?
How does static electricity affect different hair color?
How does color affect the perception of flavor? (Psychology of perception)
How can you extract fresh water from salt water - what factors affect the water cycle?
How does salt water affect buoyancy?
Effects of different types of music on seedlings
Does peppermint affect reaction time?
How do different ingredients affect cupcakes?
1. How does the shape of a honeycomb affect the amount of liquid (water/honey) that fits in?
Can sound frequency extinguish fire?
1. How does color effect heat absorption?
Which disinfectants clean best?
